@MONALIVINGOFFICIAL

A photograph of four people (two women and two men) dressed in white bathrobes with white towels wrapped around their heads like turbans. They are posed against a light blue background. A large white balloon is held in the foreground, partially obscuring the people. The balloon has the text 'FACE COLLECTION' and '#Skincarewithmona' printed on it. The people are looking towards the camera with various expressions, some smiling and some with neutral faces.
